PROFILE SUMMARY

I'm a Frontend Developer and UI/UX Designer with 2 years of experience building fast, responsive web apps with React, TypeScript, and modern design tools. I'm passionate about clean code, seamless user experiences, and currently expanding into backend development to grow as a full-stack developer.

EDUCATION

2023
CALVERY CHAPEL MISSION SCHOOL

High School Diploma

2025 - PRESENT
UNIVERSITY OF LIBERIA

Biomedical Science

WORK EXPERIENCE

ZIT, Monrovia   2023 - PRESENT
Frontend Developer

- Developed and maintained web applications using React and TypeScript, resulting in a 20% increase in load speed due to optimized code structure and improved UI.
- Collaborated with designers and backend developers to implement responsive design features, enhancing user engagement and satisfaction.
- Spearheaded design improvements that led to a 15% increase in average session duration via A/B testing and user feedback analysis.
